

Scenario: Conveyor agent has a part on the sensor  
before the pop up and the part needs to be  
machined at this conveyor family's workstation.

\*Note: All messages numbered "1" can be  
sent in any order so they are labeled with the  
same number.

Scenario: Conveyor agent has a part on the sensor  
before the pop up and the part does not need to be  
machined at this conveyor family's workstation.

\*Note: Both messages numbered "1" can be  
sent in any order so they are labeled with the  
same number.
